

## Product information IMMUNO VIDA

**Immuno** Vida is a dietary supplement with lactic acid bacteria. Contains vitamin D and contributes to normal functioning of the immune system.

Immuno Vida contains 7 different strains of lactic acid bacteria cultures. These are considered to be physio-logically beneficial in addition to a balanced and varied diet.

### Advantages of Immuno Vida

- Contributes to normal functioning of the immune system (thanks to vitamin D),
- Contains 7 different bacterial strains and 100 million bacteria per daily dose,
- Has a gastric juice resistant capsule so that the ingredients are released only in the intestine.
- Adds lactic acid bacteria to the body
- Suitable for lacto-vegetarians.

### Recommended dosage

We recommend taking 1 capsule daily with sufficient liquid.

### Directions for use

This product is not a substitute for a varied, balanced diet, fresh fruits and vegetables and a healthy lifestyle. Store in a cool, dry place out of the reach of small children. Do not exceed the recommended dosage.

### Minimum shelf life

36 months
